What do we do?

- We support children with developmental delays and disabilities to have access to the same opportunities as other children their age.
- We work in partnership with families and other professionals to support the inclusion of children in their community.
- We provide one on one therapy, positive behaviour support, special education, family support and a dietitian.
- We provide support for daily living skills, participating in the community, feeling included in mainstream activities and transitioning into new phases of life such as daycare, preschool or school.
- Services are family-centred and are tailored to meet each family's needs.

How do you access us?

We take self referral from families or referrals from:

- Doctors
- Paediatricians
- Therapists
- Early Childhood Services
- Other agencies such as Community Health

Referrals are accepted provided permission has been obtained from the child's parent/carer.

ODEEP and the NDIS

ODEEP is a registered service provider for NDIS participants. We're excited about the opportunities the NDIS offers you and your child, but there's a lot of information to wade through so we want to help you to understand what the NDIS means to your family.

Where are we located?

We are located behind Yarrawong Daycare Centre in Yarrawong Place in the Bel-Air Estate. If you enter the carpark and park down the back you will see our entrance. If you would like to know more about us, please see our website www.odeep.com.au or our Facebook page - ODEEP.
